

TERADATA CERTIFICATION

Teradata Certification January 2021 Newsletter

We hope everyone had a great and safe holiday season! The Teradata Certification Team is pleased to pilot our first bi-monthly newsletter to ensure that you are the FIRST to know about program updates and offerings.

TERADATA VANTAGE MASTER SPOTLIGHT

Meet one of our Vantage Masters, Aman Verma, a Developer Lead Analyst from HMS Holdings, based in Austin, TX, USA, who earned his Master status in the summer of 2020!

Aman graciously provided us with a testimonial on his certification journey:

"After having 14 years of experience in IT out of which 8 years is in the Teradata platform, it may feel like certification is not vital, but in order to stay informed of the latest Teradata features and to have an edge in your career, it is substantial to have this certification. The certification helps you to enter the elite group. It lets you distinguish yourself not only from your peers but also from the talent present in the industry. Personally, this certification bridged my knowledge gap by encouraging and helping me to learn about new functionality and tools that Teradata has to offer. Teradata has a plethora of documentation and Teradata university courses which assisted me in this journey. Congratulations to everybody who successfully completed this certification and best of luck to all the aspirants for this certification. " – Aman Verma

CONGRATULATIONS Aman on this amazing and well-deserved accomplishment!

NEW VANTAGE ANALYTICS & DATA SCIENCE EXAMS

A special thanks goes out to all who took the [Vantage Analytics](#) and [Vantage Data Science](#) Beta Exams!

Both exams will be offered LIVE in March 2021, and starting on February 17, 2021, you may register for both exams by visiting home.pearsonvue.com/teradata.

You can take your exam in a Pearson Vue test center (based on availability) or remotely, at your home or office. [FAQs](#) and [additional information](#) on the remote option are available. There are NO prerequisites to take these exams.

NO EXPIRATION DATES ON ALL VANTAGE CERTIFICATIONS

There is a new policy change related to Teradata certifications. Teradata certifications do NOT expire. This policy change includes previously issued Teradata certifications that had expiration dates. This decision aligns with our commitment to provide all Teradata certification earners with the best experience as they seek validation of their expertise. Please reach out to certification.teradata@teradata.com if you have any questions!

REMINDERS!

Have you taken the [Teradata Vantage Associate Exam](#)? The exam preparation courses listed below are FREE!
